

Dantonio Racing/Clutch Industries

Press Release 2/7/2010 For Immediate Release

Dantonio Racing / Clutch Industries is proud to announce that Wakeology Wakeboards has stepped on board and will be one of Ross Dantonio's primary sponsors for the 2010 season.

I am excited to announce this partnership. It is rare to see companies outside of the Industry step up and support ATV motocross. Hopefully this will open some doors and help to bring more companies like Wakeology to out sport. Jason and Lance have been awesome to work with thus far. We are expecting solid results for 2010.

While I am still ironing some details. Just about everyone from 2009 is back on board for 2010. First and foremost is Lone Star Racing. I've been with LSR forever and am stoked to get some race testing on their new nerf bars. Also on board is Scott USA, Maxxis Tires, Fasst co., Precision, and Fourwerx Carbon. Ogio just signed on and will be an excellent addition to my program.

Feel free to contact me if you would like any further information regarding Wakeology Wakeboards, or you would like their contact information for any interview questions.

Thank you,

Ross Dantonio
Dantonio Racing/Clutch Industries

About Wakeology:

The Wakeology Crew feels very lucky to be working in an industry that we all love. We are all riders... not all professional riders but we are equally passionate about the sport we love. We are excited to meet riders around the world and shred their home town lakes with them. We will never ignore the person who loves the sport but will never be a pro. For all of those who are progressing the sport through camps, education, products that benefit the sport, grassroots tournaments, even just being an ambassador to the sport where you live by bringing new faces out on the lake... we appreciate you and consider you a friend. Please always feel free to contact us and let us know your thoughts, ideas, and suggestions. We will grow strong through grassroots efforts and we will never forget where we came from!
